OBJECTIVE

I'm a third year Science Geoinformatics student at Universiti Teknologi Malaysia with practical experience in GIS mapping, spatial analysis, web development and geospatial technologies. Seeking a GIS internship to gain industry experience and contribute to real-world geospatial projects.

EXPERIENCE

Training on OpenStreetMap - Open Mapping Hub, Asia-Pacific 2025

- Hands on experience in digitizing and mapping on the Open Street Map platform
- Learning to use the platform effectively to support humanitarian and development efforts

GIS camp at Teluk Gorek, Mersing, Johor - UTM 2025

- Hands-on experience in team on the process of collection data by using surveys techniques like traverse, leveling and detailing.
- Used lidar and drone as for photogrammetry to capture terrain data.
- Worked with Arcmap and QGIS for data processing and visualization.

GIS camp at UTM, Johor 2026

- Experience in team to build a dashboard system for DBKU, Kuching, Sarawak based on provided spatial data.
- Learning how to build frontend web development and use backend such as PHP or Node.JS to connect to the postgresql database.
- Sharpen my problem solving skill on how to use and manage the limited provided spatial data.

EDUCATION BACKGROUND

Bachelor of Science Geoinformatics with Honours 2023 - 2027

Universiti Teknologi Malaysia

- Major in analyzing and visualize spatial data
- Focused on frontend and backend web development path
- CGPA : 3.67

SKILLS

GIS and spatial analysis :

- QGIS, Arcmap, OpenStreetMap, Spatial Analyst, Statistic/Spatial Statistic, Remote sensing image processing(basic), Georeferencing and digitizing(intermediate), Map layout and cartography(intermediate), GPS and surveying(basic).

Programming and web development :

- Html and CSS(intermediate), Javascript(basic), PHP(basic), Python(basic), Figma, Postgresql(basic), Leaflet(basic), Spatial Algorithm(basic), UI/UX, Node.JS

Language and Other:

- English(intermediate), Excel(intermediate), Microsoft Access(intermediate).

ACHIVEMENTS

- Dean list in Semester 1,4 and 5. 2023/2024/2025
- 3rd placed Digitizing certificate by Open Street Map, 2025
- Geostar Participation certificate by Grab, 2025
